NAPA,
CALIF.

We respectfully present this list for your perusal.

Please order now, while our lines are complete.

Trees will be scarce this year.

Trees are graded now more by caliper than entirely by height as formerly. This insures you an even grade tree.

Measurements 2 in. above bud.

$\frac{3}{4}$ in. and up equals 6 to 8 ft. tree.

$\frac{1}{2}$ in. to $\frac{3}{4}$ in. equals 4 to 6 ft. tree.

$\frac{3}{8}$ in. to $\frac{1}{2}$ in. equals 3 to 4 ft. tree.

$\frac{1}{4}$ in. to $\frac{3}{8}$ in. equals 2 to 3 ft. tree.

300 trees go as 1000 rate
Over 15 trees go as 100 rate.

All our stock is home grown and under our personal care and are all "Bud-selected." If you are not already a customer of ours, we would appreciate a trial order. We guarantee satisfaction, no matter how small the order.

We specialize in assorted Family orchards.

THIS PRICE LIST IS ONLY general and may go up or down. Special prices quoted upon request on large orders, and on certain grades.
